Auditorium J116-113 (Universitetsområde J)
Aarhus University Hospital
Palle Juul-Jensens Boulevard 99
8200 Aarhus N

Treatment of atrial fibrillation in chronic kidney disease – What's new?

Chairs: Iain Bressendorff and Mark Reinhard

- 12.00-12.05 Welcome**
- 12.05-12.30 Warfarin vs direct oral anticoagulants for stroke prevention in atrial fibrillation**
Associate professor Erik Lerkevang Grove, Department of Cardiology, Aarhus University Hospital
- 12.30-13.00 Stroke prevention in patients with reduced renal function**
Professor Anne-Mette Hvas, Center for Hemophilia and Thrombosis, Department of Clinical Biochemistry, Aarhus University Hospital
- 13.00-13.40 Left atrial appendage occlusion. What have we learned so far?**
Professor Jens Erik Nielsen-Kudsk, Department of Cardiology, Aarhus University Hospital
- 13.40-14.00 Coffee break**
- 14.00-14.35 Ten things ICU (and nephrology) specialists need to know about direct oral anticoagulants**
Consultant Jakob Stensballe, Department of Anaesthesiology, Rigshospitalet
- 14.35-14.45 Presentation of a Danish clinical trial comparing warfarin and direct oral anticoagulants in patients on chronic dialysis with atrial fibrillation – Protocol and perspectives.**
Registrar Nicholas Carlson, Department of Nephrology, Rigshospitalet
- 14.45-14.55 Cases**
- 14.55-15.00 Coffee break**

Diuretics

Chairs: Ditte Hansen and Helle Thiesson

- 15.00-15.05 Welcome**
- 15.05-15.30 Molecular targets of diuretics - old players and new frontiers**
Robert Fenton, professor, Department of Biomedicine South, Aarhus University, Denmark
- 15.30-15.55 Potassium sparing diuretics. New insights**
Professor Boye L. Jensen, Department of Cardiovascular and Renal Research, University of Southern DK
- 15.55-16.45 Diuretic resistance**
Professor Ewout Hoorn, Division of Nephrology and Transplantation, Rotterdam, The Netherlands
- 16.45-17.00 Coffee break**

The history of the Danish nephrology (*session in Danish*)

Chair: Helle Thiesson

- 17.00-17.10 Nefrologi i Danmark før specialet Nefrologi.**
Svend Strandgaard
- 17.12-17.22 Udrulningen af kronikerdialysen i Danmark.**
Niels A. Larsen
- 17.24-17.34 De første nyretransplantationer i Danmark**
Hans Erik Hansen
- 17.35-17.45 Dansk nyrefysiologis historie: Er nyren en kirtel eller et filter?**
Niels-Henrik Holstein-Rathlou
- 17.45-18.00 Festlig afslutning**
